WELCOME FRIENDS

We like to drink well and drink

FUN

All of the fresh ingredients used in our cocktails are sourced from **local** growers, family and friends. However, the bulk of the cocktails are produced using products that would otherwise be considered waste.

We **ferment, koji-fy, macerate** and make **vinegars** to create familiar flavours with unfamiliar ingredients.

The **cocktails** are, for the most part inspired by simple classics because thats what we enjoy. But not always. We are **happy** to chat you through them, or make you a riff on a classic with what we have around.

You can also find a small selection of **wines** and **beers** made by our favourite producers from near and far. Looking to **drink big?** We can hand you the **cellar list** from **Pilot**.

It's a one (hu)man show out here so if we haven't made it to your table to take an order because we are building drinks feel free to **come up to the bar**.

Hungry? You can order a pizza from **mama dough** and we can set you up with some plates and napkins

Bathrooms are round the corner, we can show you if you need a hand <3

Thanks for visiting, **we hope you enjoy it!**

HOUSE RULEZ
